SINETH POTHTHAWELA

Software Engineering Undergraduate

Galle, Sri Lanka | (+94) 72 630 2222 | sinethdsrs@gmail.com

PROFILE

Sineth Rusira

Software Engineering undergraduate with hands-on experience in web and mobile application development, database design, UI development, and software engineering practices. Passionate about developing practical software solutions and continuously improving technical skills. Seeking a Software Engineering Internship to apply academic knowledge to real-world projects and contribute effectively to a professional development team.

EDUCATION

CINEC Campus, Malabe | 2026 - Present
BSc (Hons) in Software Engineering | CGPA: 4.00 / 4.00
Relevant Coursework: Data Structures & Algorithms, Object-Oriented Design, Database Systems, Operating Systems, Computer Networks
President's College, Embilipitiya | 2011-2022
Advanced Level in Maths Stream

TECHNICAL SKILLS

- Programming: Java, JavaScript, React.js, PHP, HTML, CSS, XML (Android App Development)
- Development: Web Development, Android Development, Flutter
- Database: Firebase, MySQL, PostgreSQL
- UI/UX: Figma, Prototyping
- Tools: Git, GitHub, Android Studio, VS Code, XAMPP, Jira, Drupal, Clickup
- Other: Agile/Scrum, Technical Documentation, Research

ACADEMIC PROJECTS

GOVIPATH 360 | *2025* | React.js, JavaScript, Firebase

- Designed an agricultural marketplace platform to connect farmers and buyers directly by eliminating middlemen cost and improving farmer profit margins

MediRoute | *2026* | Flutter, Dart, Firebase

- Developed a crowdsourced platform that helps patients locate essential medicines at nearby pharmacies during supply shortages using graph-based technology.

ReturnMe | *2026* | HTML, CSS, JS, Firebase

- Developed a smart campus platform to manage lost-and-found items through a centralized digital system. (Website: ReturnMe)

Digital Seettu | *2026 - Present*

- This is an ongoing third-year group project. A digital community-based financing platform that enables users to purchase high-value products through manageable periodic contributions, modernizing the traditional Seettu model.
- Tech Stack: Customer App (Flutter/Dart), Merchant and admin web application (Next.js, TypeScript)

RESEARCH PUBLICATIONS

Research Presenter at CINEC International Research Symposium (CIRS) 2026
Research Author - Self-Powered AI Wearables for Offline Emergency Diagnosis and Patient Prioritization in Low-Resource Areas

- Presented a research concept integrating AI, IoT, physiological sensors, Edge AI, GPS, and GSM for offline emergency healthcare support in low-resource environments.

QUALIFICATIONS

Diploma in English - ESOFT Metro Campus | *2024*

EXTRACURRICULAR ACTIVITIES

Organizing Committee Member — Road to Xtreme 2.0
IEEE Student Branch, CINEC Campus | 2026

- Contributed to the organization and successful execution of Road to Xtreme 2.0.
- Supported event promotions through creative design and digital communication materials.

Participant — IEEEXtreme Programming Competition 20.0
IEEE | October 2026

- Participated in a 24-hour international competitive programming competition.
- Applied algorithmic thinking, problem-solving, and programming skills to challenging problems under time constraints.
